## Silestone™ Quartz Countertops\* Superior strength. Incredible beauty.

Introduced over 20 years ago, Silestone is an innovative product that delivers cutting-edge style and premium performance. Made of natural quartz or, where noted, recycled materials, Silestone countertops are extraordinarily beautiful, hard and resilient. They are also the only countertop offering the unique combination of built-in antimicrobial product protection and NSF and Greenguard certifications. Legendary for beauty and low maintenance, a Silestone countertop is a lasting investment.

\* Silestone is composed of natural materials. As a result, it is subject to slight variances in color, shade and particle structure. Light reflects differently on paper than on stone and will affect the way colors look. Refer to printed representations and physical samples only as an indication of the Silestone appearance. Please ask your sales associate for details.

Product contains recycled materials.

## Our exclusive vanity program.

Create your perfect vanity by pairing American Woodmark's affordable style with Silestone's superior strength and beauty. It's simple. Just select your favorite styles, colors and options, then order your cabinets and countertop all at once. For a \$125 delivery fee, the bundle will arrive to your door. Your cabinets and countertop are backed by a lifetime-limited warranty. The Vanity Collection from American Woodmark and Silestone. Great quality and style, made easy.

# Four Simple Steps To A Great Vanity

- Plan your project.
- Define your style.
- Maximize your space.
- Make it your own.

## Maximize your space.

Consider how you can add more function to your bathroom. If you have limited space, maximize your cabinetry and think about clever organization options. Take advantage of a larger bathroom with options like dual sinks and a linen cabinet. Add a wall cabinet when additional storage is needed and just imagine how side splashes and columns might dress up your counters and cabinets.

## Plan your project.

There are lots of things to consider and choose from when planning your vanity project. Reviewing your space, setting a budget, and deciding on styles and colors are just a few of the items you will need to plan for. Discuss your options with your Home Depot designer to make this process easier. And be sure to bring along the enclosed Project Worksheet so that you have key information handy.

## Define your style.

Whether you go for sophisticated, traditional, coastal or contemporary, our Vanity Collection makes it easy to create the look you love. Explore American Woodmark's endless combinations of door styles, species and finishes, then see how they pair with beautiful Silestone countertops.

## Master Bath

Large vanities offer great opportunities for storage and decorative details. Go grand with features like crown molding, decorative feet and glass doors. Also consider options like a pull-out wastebasket or drawer bases for your storage needs. And remember to make a beautiful statement with a counter that adds color and texture to complete your space.

## Half Bath

Add function to a small, stylish vanity with roll-out trays for bath supplies, or a matching medicine cabinet. And remember, your choice of countertop edge can add to the look and feel of your bathroom.

# Make it your own.

Customize your vanity with beautiful details that show your personality. Explore these options, then consult with your Home Depot designer.

## Counters

Make a statement with a naturally beautiful Silestone quartz countertop. Choose from 18 gorgeous colors.

- All countertops 2 cm thick and 22" deep
- Custom widths are available in 1/4" increments, from 18" to 62"

## Edges

Accentuate a contemporary vanity with a clean, eased edge. Achieve a softer look with a bullnose edge. Or add sophistication with a beveled edge.

Eased Edge

Bullnose Edge

Beveled Edge

## Splashes

Your vanity will come with a standard, non-attached backsplash. For added style, side splashes are also available as an upgrade.

Shown with Back and Right Splashes

## Sinks and Faucet Configurations

A single oval sink is available as a standard with your vanity. Upgrades include rectangular or double sinks for an added charge. Available sink colors are shown, with options for one-hole or three-hole faucets, as well as drilling options for vessel sinks.

Oval Bisque Sink with Single Faucet

Oval White Sink with 4" Faucet

Rectangular White Sink with 8" Faucet

Vessel Sink Drill Option with Faucets in Both Outer Placement\*

\*Sinks are sold separately.

## Cabinet Accents

Dress up your vanity with decorative details that you'll enjoy for years to come.
